PARAGON 31
OUT THERE. 365 DAYS A YEAR.

PARAGON
YACHTS

A close-up, macro photograph of water droplets on a dark, reflective surface. The droplets are of various sizes, some sharp and in focus, others blurred in the background. The lighting creates bright highlights on the edges of the droplets, giving them a three-dimensional appearance. The overall color palette is dark blue and black, with white and light blue highlights from the water.

The Paragon philosophy.

To develop and produce a new generation of un-compromising motorboats with superior performance and seaworthiness, to meet the toughest possible conditions at sea.

Paragon safety and quality is based on many years of boat building experience and expert craftsmanship, combined with extensive collaboration with sea rescue services, the coast guard and boat racing drivers. Our boats are built for active people looking for an exciting life of freedom all-year-round. Boats made using innovative measures and ground-breaking design, that are roomy, practical and safe. To own, drive or just to be onboard a Paragon boat, is an thrilling experience in itself.

FLY

Technical overview

Model	31 Flybridge
Lmax	10,59 m / 34' 9"
Bmax	3,38 m / 11' 1"
Draft	1,18 m / 3' 1"
V-section	24,5 °
Weight	*5 600 kg
Fuel capacity, 1 x D6	450 l / 118,7 gal
Fuel capacity, 2 x D4	700 l / 185 gal
Water capacity	200 l / 52,6 gal
Batteries	2x77 Ah, 3x80 Ah
Black water	70 l / 18,4 gal
CE-category	B
Maximum load	8 pers / 1 383 kg / 3048 lb
Berths	4

1 x Volvo Penta D6-400 Aquamatic DPI (400 hp) Electric Steering
1 x Volvo Penta D6-440 Aquamatic DPI (440 hp) Electric Steering
2 x Volvo Penta D4-300 Aquamatic DPI (600 hp) Electric steering
2 x Volvo Penta D4-320 Aquamatic DPI (640 hp) Electric Steering

We are constantly developing products so that the information in this brochure may differ from one boat to another. Differences in equipment, loading conditions, etc. can affect speed and fuel consumption. The figures for the range are intended only as indicators and are based on a filling of 84% of the maximum filling quantity and optimal conditions. The range is largely influenced by wind, waves, current, driving style, condition of the boat, etc. Some of the items shown are optional and some are not.
